

Physical Properties:

Appearance

White viscous liquid

White Grease

Product Features:

- Multi-purpose water and heat resistant grease.
- A premium quality calcium based multipurpose grease, reinforced with PTFE.
- Water repellent, reduces friction, reduces component wear and prevents seizing.
- Non drip formula – Remains in place
- Ideal for long term lubrication and protection of hinges, locks, bearings and all moving parts.

Directions for use:

1. Shake can well before use.
2. Apply by holding nozzle 5 -10 cm from parts to be lubricated.
3. Re-apply as required.

Handling:

- Caution pressurized container: protect from sunlight and other heat sources.
- Refer to Material Safety Data Sheet.

Shelf Life:

- 5 years from date of manufacture.
